

BUNCHED HITS BY MONTPELIER

Enabled That Team to Win from Spaulding High School Second Time

NICHOLS HAMMERED FOR 13 SAFETIES

Besides That, the Spaulding Players Accorded Him Poor Support

For the second time within a week Montpelier high school defeated Spaulding high at baseball at Inter-city park, the team representing the former school administering a 8 to 4 defeat over Spaulding yesterday afternoon. The game, unlike the one played last week, was a slugfest and the Barre pitcher, was hammered for thirteen safe whacks. He was in trouble in eight of the nine innings and but for his ability to tighten up on several occasions the score would have been much greater. Four of the eight hits made off Sawyer were of the scratch variety, even Nichols' double in the fourth which Milo lost in the sun. The only solid hitting done by Spaulding was in the fifth when four hits, one a double by Goals to the center field fence, netted the Barre team three runs.

Montpelier players ran wild on the bases and Riccarelli had a bad day at short with three errors. Thompson at third accepted several difficult chances, mostly foul flies, in good style and Goals saved the infield a couple of errors by fancy stops. Pape made the feature catch of the day in the first inning, when he caught Ossola's pop fly near first base while on the dead run, almost turning a somersault.

In the first frame G. Milo was hit in the side by a pitched ball. Gross doubled on the first ball, sending Milo to third. The latter came home after Thompson made a nice running catch of Pape's foul near the bleachers. Clark also fouled to Thompson, but Smith scored Gross from second on a single to right field. Spaulding went out in order.

Two more runs were scored by Montpelier in the second, W. Milo, the first man up, being hit in the elbow by Nichols. Kelley singled and Sawyer followed suit, W. Milo being caught at the plate on Mann's return. G. Milo rolled one to Nichols, who threw to McHugo and Kelley scored when McHugo dropped the sphere. Gross singled and Sawyer tallied.

In the fourth Pape singled with one out and stole second, scoring on Thompson's error. For Spaulding Goals reached first when Clark dropped his fly after misjudging it and making a one hand stab for the ball. He was sacrificed to second by Johnston, went to third on Loranger's out and scored when Pape fumbled Mann's grounder. Nichols obtained a fluke double but Riccarelli fled to Pape.

In the fifth Spaulding made three runs on McHugo's single and stolen base, Thompson's bingle, Goals' hard double and Loranger's one base hit. After that Spaulding made only one hit. Two hits, three steals and an error gave Montpelier two runs in the sixth and in the ninth another on a hit, a steal and an error.

icipated for the Red Sox he has clouted the horse hide for an average of .370. This is not so bad for a utility man.

Harvard closed its series with Princeton last Saturday, winning its game 5 to 1. It was accomplished by their faculty of bunting their hits and the mastery of pitching of Malan. This gives Harvard seven straight games in four years.

One of the star catchers in college circles this season is Dick Harte, the sterling young catcher on the Harvard team. Harte seems to be improving all the time. He seems to be able to get his throws accurate and with speed and as a hitter he is excellent.

Steve Yerkes, the old Red Sox second baseman, is now wearing a Cub uniform. While he is not playing regular on account of his legs, he thinks that he will soon be in condition to do so.

After losing two games to the Indians the Red Sox came back in the third with a little dose of kalsomine.

The National league umpires discussed the playing rules with President Tener. It seems that it would be a good idea if the American league umpires would get together and discuss the rules with President Johnson.

BRANDEIS TAKES SUPREME COURT SEAT

Boston Attorney Is the Sixty-Second Citizen to Rise to the High Distinction.

Washington, June 6.—Louis D. Brandeis of Boston yesterday noon took his seat as an associate justice of the supreme court, the 62d citizen to rise to that high distinction.

Chief Justice White privately administered the oath of allegiance to the country, an oath taken by the lowest and the highest officer of the government. None but members of the court witnessed this part of the ceremony. At noon when the court marched onto the bench the new justice, following close behind, took a seat beside the clerk of the court. When Mr. Brandeis' commission had been read, the clerk administered the judicial oath, to do equal justice to the rich and poor. Then he was escorted to his seat on the extreme left of the bench, where he received the congratulations of the colleague nearest him, Justice Pitney.

Mr. Brandeis' wife and daughter, a brother, Alfred Brandeis of Louisville, Ky., and Secretary of War Baker and Attorney-General Gregory occupied reserved seats in the courtroom.

HAWAIIANS WANT WIVES.

Traveled to U. S. to Find Young Women to Marry.

Boston, June 6.—American girls can

find comfortable homes and good husbands in Hawaii. This is what two young Hawaiians, M. P. Goetas and Arthur Vierra, traveled all the way from Honolulu to tell Americans. They called on Mrs. Charlotte Smith of the Massachusetts Homestead Association and asked her to get wives for them.

"I hope that some young women will see the chance to secure the happiness in Hawaii that an unchivalrous manhood here has denied them," said Mrs. Smith. "I shall introduce these young men to several desirable young women."

MILD BUT FIRM MEXICAN REPLY

Will Refuse Troop Withdrawal Without Hurting Carranza at Home

THIS THE ONLY ANSWER POSSIBLE

Conventions Must Pass Before We Get Out

Washington, D. C., June 6.—President Wilson yesterday began the draft of his reply to the latest communication from Carranza, demanding the withdrawal of American troops, or explanation of why the United States should keep its troops on Mexican soil.

It is the administration's present intention to have its reply in Carranza's hands before the end of the week—perhaps before Thursday, to forestall as much as possible expected adverse criticism of the president's Mexican policy at the Chicago convention.

With the personal help of Secretary Lansing, the president may complete a rough draft in time for cabinet consideration to-day.

That the troop withdrawal suggestion will be refused seems certain. That the refusal will convey to de facto government officials finality of decision in this respect seems also a certainty. But the answer will be couched in such terms as to leave the Carranza government ample opportunity to "keep itself right" before the Mexican public. Completely peaceful conditions below the border, the note will state, must prevail, with some degree of certainty that wholesale banditry and lawlessness and raids on the American side cannot recur.

Private, but apparently authentic, advice to the war department from military officials as well as consular and private advice to the state department, which recurrent unrest and some anti-American feeling, will be cited as explanation of the necessity for continued presence of American troops in Mexico.

FEDERAL ANTI-DRUG LAW HITS ONLY DEALERS

Supreme Court Finds That Harrison Law Does Not Apply to Users of Drugs.

Washington, June 6.—The supreme court yesterday interpreted the Harrison federal drug act of 1914, making it unlawful for any person not registered under the law to have opium in his possession, as applying only to those who deal in the drug and not to those who use it.

AN AUTO MYSTERY.

Driver Dead at Wheel—His Companion Unconscious.

Hingham, Mass., June 6.—Police men who had been asked to watch for an automobile early yesterday found it faced against a tree by the roadside with the driver seated at the steering wheel, apparently braced to work his way clear. Examination, however, showed that Elmer Hersey, the operator, was dead, his neck having been broken when his body was thrown against the wheel.

Alfred Healey, a companion on the ride begun Sunday afternoon, was found across the street, in a dazed condition and unable to answer police inquiries.

FLAG DAY, 1916.

The 139th Anniversary of the Adoption of the Flag of the U. S. A.

In accordance with its custom for the past 19 years, the American Flag association reminds you that Wednesday, June 14, 1916, will be the 139th anniversary of the adoption of the stars and stripes as the flag of our country. It is a genuine satisfaction that the public recognition of flag day as a national anniversary is each year becoming more and more general. Any reminder would seem unnecessary to secure your co-operation in securing the widest possible observance this year.

On the 14th day of June, 1776, Congress enacted: "That the flag of the 13 United States be 13 stripes, alternate red and white; that the union be 13 stars, white in a blue field, representing a new constellation." The number of the stars has been increased by the admission of new states. The possibilities of the nation's future development dawned upon our fathers. The original 13 stripes continued for several years and were then changed, after a few years only were unchangedly restored by act of Congress on April 4, 1818, when it was enacted: "That from and after the fourth day of July next, the flag of the United States be 13 horizontal stripes, alternate red and white; that the union be 20 stars, white, in a blue field, and that on the admission of a new state into the union one star be added to the union of the flag, and such addition take effect on the fourth day of July next, succeeding such admission." The flag has so continued ever since.

Since the struggle of 1861-1865, the flag has become the symbol of a mighty nation. It has been carried to the utmost parts of the earth, carrying liberty wherever it has been thrown to the breeze.

At this time of the great European war, the limits of its baleful influences are not confined to the theatre of the awful conflict, but our own country is in great danger of being involved in its consequence, and patriotism and love of our wonderful country is called for more than ever, that we must be watchful against those who would involve us and do us ill.

We are now in the midst of an anxious time in all our nation, again calling for an expression of our most sincere devotion to the flag of our country, and what it stands for. The stars and stripes have come to possess new beauty

"Fake Remedies" Advertised.

No doubt some of the medicines advertised are fakes, but these never have any lasting success. They stand in striking contrast to the good old standard, dependable remedies, like Lydia E. Pinkham's Vegetable Compound, which has stood the test of time and for more than forty years has been alleviating the suffering of womankind. Such medicines are a blessing to the community and will continue their good work from one generation to another.—Adv.

for friendly eyes and new terror for the foes of liberty, and of law and order, and of lawful government.

We earnestly exhort our citizens to join in making flag day an event and its celebration in 1916 a great event. Let us, from one end of our land to the other, sing the stars and stripes to the breeze on June 14, 1916. May it greet the rising and salute the setting sun, and float all day long from every church edifice, school and building, public and private, and however humble, throughout the entire land.
